"Skills for All"

Course Contents / Lesson Plan

Course Title: Textile Weaving

Duration: 6 Months

Revised Edition

Trainer Name	
Course Title	Textile Weaving
Objectives and Expectations	<p>Employable skills and hands-on practice for Textile Weaving The objectives of this course are to: Acquire the operating skill and knowledge of Textile Weaving.</p> <p>After completion of the course the students will gain details knowledge about properties of fiber and weaving process. They will be able to realise which fiber properties are suitable for required quality of yarn.</p> <p>The students will acquire knowledge about weaving using principle motions of different looms. They will gather knowledge about various weaving techniques to construct variety of weaves.</p> <p>They will be able to Students will explore and identify textile weaving. Students will strengthen their understanding of overlapping and over/under as it applies to weaving.</p> <p><u>Main Expectations:</u> In short, the course under reference should be delivered by professional instructors in such a robust hands-on manner that the trainees are comfortably able to employ their skills for earning money (through wage/self-employment) at its conclusion. This course thus clearly goes beyond the domain of the traditional training practices in vogue and underscores an expectation that a market-centric approach will be adopted as the main driving force while delivering it. The instructors should therefore be experienced enough to be able to identify the training needs for the possible market roles available out there. Moreover, they should also know the strengths and weaknesses of each trainee to prepare them for such market roles during/after the training.</p> <ol style="list-style-type: none"> i. Specially designed practical tasks to be performed by the trainees have been included in the Annexure-I to this document. The record of all tasks performed individually or in groups must be preserved by the management of the training Institute clearly labeling name, trade, session, etc so that these are ready to be physically inspected/verified through monitoring visits from time to time. The weekly distribution of tasks has also been indicated in the weekly lesson plan given in this document. ii. To materialize the main expectations, a special module on <u>Job Search & Entrepreneurial Skills</u> has been included in the latter part of this course (5th & 6th month) through which, the trainees will be made aware of the Job search techniques in the local as well as international job

markets (Gulf countries). Awareness around the visa process and immigration laws of the most favored labor destination countries also form a part of this module. Moreover, the trainees would also be encouraged to venture into self-employment and exposed to the main requirements in this regard. It is also expected that a sense of civic duties/roles and responsibilities will also be inculcated in the trainees to make them responsible citizens of the country.

- iii. A module on **Work Place Ethics** has also been included to highlight the importance of good and positive behavior in the workplace in the line with the best practices elsewhere in the world. An outline of such qualities has been given in the Appendix to this document. Its importance should be conveyed in a format that is attractive and interesting for the trainees such as through PPT slides +short video documentaries. Needless to say that if the training provider puts his heart and soul into these otherwise non-technical components, the image of the Pakistani workforce would undergo a positive transformation in the local as well as international job markets.

To maintain interest and motivation of the trainees throughout the course, modern techniques such as:

- Motivational Lectures
- Success Stories
- Case Studies

These techniques would be employed as an additional training tool wherever possible (these are explained in the subsequent section on Training Methodology).

Lastly, evaluation of the competencies acquired by the trainees will be done objectively at various stages of the training and a proper record of the same will be maintained. Suffice to say that for such evaluations, practical tasks would be designed by the training providers to gauge the problem-solving abilities of the trainees.

(i) **Motivational Lectures**

The proposed methodology for the training under reference employs motivation as a tool. Hence besides the purely technical content, a trainer is required to include elements of motivation in his/her lecture. To inspire the trainees to utilize the training opportunity to the full and strive towards professional excellence. Motivational lectures may also include general topics such as the importance of moral values and civic role & responsibilities as a Pakistani. A motivational lecture should be delivered with enough zeal to produce a deep impact on the trainees. It may comprise of the following:

- Clear Purpose to convey the message to trainees effectively.
- Personal Story to quote as an example to follow.
- Trainees Fit so that the situation is actionable by trainees and not represent a just idealism.
- Ending Points to persuade the trainees on changing themselves.

A good motivational lecture should help drive creativity, curiosity, and spark

the desire needed for trainees to want to learn more.

The impact of a successful motivational strategy is amongst others commonly visible in increased class participation ratios. It increases the trainees' willingness to be engaged on the practical tasks for a longer time without boredom and loss of interest because they can see in their mind's eye where their hard work would take them in short (1-3 years); medium (3 -10 years) and long term (more than 10 years).

As this tool is expected that the training providers would make arrangements for regular well planned motivational lectures as part of a coordinated strategy interspersed throughout the training period as suggested in the weekly lesson plans in this document.

Course-related motivational lectures online link is available in **Annexure-II**.

(ii) Success Stories

Another effective way of motivating the trainees is using Success Stories. Its inclusion in the weekly lesson plan at regular intervals has been recommended till the end of the training.

A success story may be disseminated orally, through a presentation, or using a video/documentary of someone that has risen to fortune, acclaim, or brilliant achievement. A success story shows how a person achieved his goal through hard work, dedication, and devotion. An inspiring success story contains compelling and significant facts articulated clearly and easily comprehensible words. Moreover, it is helpful if it is assumed that the reader/listener knows nothing of what is being revealed. The optimum impact is created when the story is revealed in the form of:-

- Directly in person (At least 2-3 cases must be arranged by the training institute)
- Through an audio/ videotaped message (2-3 high-quality videos must be arranged by the training institute)

It is expected that the training provider would collect relevant high-quality success stories for inclusion in the training as suggested in the weekly lesson plan given in this document.

Suggestive structure and sequence of a sample success story and its various shapes can be seen in **Annexure III**.

(iii) Case Studies

Where a situation allows, case studies can also be presented to the trainees to widen their understanding of the real-life specific problem/situation and to explore the solutions.

In simple terms, the case study method of teaching uses a real-life case example/a typical case to demonstrate a phenomenon in action and explain theoretical as well as practical aspects of the knowledge related to the same. It is an effective way to help the trainees comprehend in depth both the theoretical and practical aspects of the complex phenomenon in depth with ease. Case teaching can also stimulate the trainees to participate in

	<p>discussions and thereby boost their confidence. It also makes the classroom atmosphere interesting thus maintaining the trainee interest in training till the end of the course.</p> <p>Depending on suitability to the trade, the weekly lesson plan in this document may suggest case studies be presented to the trainees. The trainer may adopt a PowerPoint presentation or video format for such case studies whichever is deemed suitable but only those cases must be selected that are relevant and of a learning value.</p> <p>The Trainees should be required and supervised to carefully analyze the cases.</p> <p>For this purpose, they must be encouraged to inquire and collect specific information/data, actively participate in the discussions, and intended solutions to the problem/situation.</p> <p>Case studies can be implemented in the following ways: -</p> <ol style="list-style-type: none"> i. A good quality trade-specific documentary (At least 2-3 documentaries must be arranged by the training institute) ii. Health & Safety case studies (2 cases regarding safety and industrial accidents must be arranged by the training institute) iii. Field visits(At least one visit to a trade-specific major industry/site must be arranged by the training institute)
Entry-level of trainees	Matric
Learning Outcomes of the course	<p>By the end of this course, students will be able to:</p> <ul style="list-style-type: none"> ● Comply Personal Health and Safety Guidelines. ● Understand the Importance of Textile Testing and Quality through theory lectures and Practice as well. ● Knowledge of complete Textile manufacturing process specially Garment Manufacturing Process. ● Knowledge of Textiles from Fiber to Garment. ● Concept of Internal and External Audits in Garment Industry. ● Importance and Procedures of Textile Testing. ● Emphasis will be given on character building of students during their training by delivering motivational lectures on patriotism, discipline and work ethics.
Course Execution Plan	<p>The total duration of the course: 6 months (26 Weeks)</p> <p>Class hours: 4 hours per day</p> <p>Theory: 60%</p> <p>Practical: 40%</p> <p>Weekly hours: 20 hours per week</p> <p>Total contact hours: 520 hours</p>
Companies offering jobs in the respective trade	<ol style="list-style-type: none"> 1. Garment Sector Textile Industry 2. Garment Factories (Knitwear + Woven garments) 3. Fashion Designing Houses/Department 4. Textile Testing Labs

Job Opportunities	<ul style="list-style-type: none"> • Assistant Weaving Supervisor • Production shift supervisor for weaving • Weaving Shift In-charge • Freelancer

MODULES

Scheduled Weeks	Module Title	Learning Units	Remarks
Week 1	Introduction to Weaving	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) • Course Introduction • Job market • Course Applications • Institute/work ethics • Introduction of Weaving • Principles of Weaving • Materials used in Weaving 	<p>Home Assignment</p> <ul style="list-style-type: none"> • Task 1 • Task 2 <p><i>Details may be seen at <u>Annexure-I</u></i></p>
Week 2	Classification of fibers	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Introduction to General Textiles • Classification of Natural and Man Made fibers • Properties of textile fibers 	<ul style="list-style-type: none"> • Task 3 <p><i>Details may be seen at <u>Annexure-I</u></i></p>
Week 3	The basic principles involved in fabric	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Flow chart of weaving • Study of weaving sections • Knitting (Wales and courses) 	<ul style="list-style-type: none"> • Task 4 • Task 5 <p><i>Details may be seen at <u>Annexure-I</u></i></p>
Week 4	Classification of fibers	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Describe Textiles and its terms • Draw the Flow chart of Natural and Man Made fibers 	<ul style="list-style-type: none"> • Task 6 <p><i>Details may be seen at <u>Annexure-I</u></i></p>
Week 5	Yarn numbering systems	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Explain the yarn numbering system • Define Direct and indirect yarn numbering systems in details 	<ul style="list-style-type: none"> • Task 7 <p><i>Details may be seen at <u>Annexure-I</u></i></p>
Week 6	Fabric manufacturing	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p>	<ul style="list-style-type: none"> • Task 8 <p><i>Details may be seen at <u>Annexure-I</u></i></p>

		<ul style="list-style-type: none"> • Define Warping • Define sizing • Define drawing-in • Define looming • Define Drafting and lifting 	<u>Annexure-I</u>
Week 7 Week 8	Weaves and woven design structure	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Design Structure • Graph paper used in woven design structure • Weave Designs • Plain weave • Mat weave • Basket weave • Hop sack weave 	<ul style="list-style-type: none"> • Task 9 • Task 10 <p><u>Details may be seen at Annexure-I</u></p> <ul style="list-style-type: none"> • Monthly Test 1
Week 09	Twill Weaves	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Angles of inclination of twill weave • Right and left hand twill • Pointed twill • Zigzag twill • Broken twill • Herring Bone twill 	<ul style="list-style-type: none"> • Task 11 • Task 12 <p><u>Details may be seen at Annexure-I</u></p>
Week 10	Satin weave and sateen weaves	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Construction and uses of satin and sateen • Simple developments • Extension of satin weave 	<ul style="list-style-type: none"> • Task 13 • Task 14 <p><u>Details may be seen at Annexure-I</u></p>
Week 11	Diamond design	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Construction and uses • Cork screw weaves (Warp) • Soft cork weave 	<ul style="list-style-type: none"> • Task 15 • Task 16 <p><u>Details may be seen at Annexure-I</u></p>
Week 12	Honey comb and bed ford cord weave	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Ordinary honey comb construction • Brighten honey comb construction • Construction and uses of Bed Ford Cord Weave 	<ul style="list-style-type: none"> • Task 17 • Task 18 <p><u>Details may be seen at Annexure-I</u></p>

	Build your CV	Download professional CV template from any good site (https://www.coolfreecv.com or relevant) <ul style="list-style-type: none"> • Add Personal Information • Add Educational details • Add Experience/Portfolio • Add contact details/profile links 	
Week 13	Midterm		
Week 14	Weave analysis	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Method of Weave Analysis • Objective of Weave Analysis 	<ul style="list-style-type: none"> • Task 19 <p><u>Details may be seen at Annexure-I</u></p>
Week 15	Types of loom	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Shuttle loom • Terry loom • Shuttle less loom. <ul style="list-style-type: none"> ✓ Air jet loom ✓ Water jet loom ✓ Rapier loom 	<ul style="list-style-type: none"> • Home Assignment • Task 20 • Task 21 <p><u>Details may be seen at Annexure-I</u></p>
	Create an account profile on Fiverr (at least two gigs) and Upwork	Create an account by following these steps: Step 1: Personal Info Step 2: Professional Info Step 3: Linked Accounts Step 4: Account Security	
Week 16	Loom motion	<ul style="list-style-type: none"> • Motivational Lecture(For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Primary Motion • Secondary Motion • Supplementary Motion 	<ul style="list-style-type: none"> • Task 22 <p><u>Details may be seen at Annexure-I</u></p>
Week 17 Week 18	Dobby motion & jacquard motion	<ul style="list-style-type: none"> • Success stories (For further detail please see Page No: 3& 4) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • Types of dobbies and their functions • Types of Jacquard and their functions 	<ul style="list-style-type: none"> • Task 23 • Task 24 <p><u>Details may be seen at Annexure-I</u></p>

<p>Week 19 Week 20</p>	<p>Denim weaving</p>	<ul style="list-style-type: none"> ● Motivational Lecture(<i>For further detail please see Page No: 3& 4</i>) <p>Students are introduced to:</p> <ul style="list-style-type: none"> ● Denim weave Process ● Denim fabric Features 	<ul style="list-style-type: none"> ● Task 25 ● Task 26 <p><i><u>Details may be seen at Annexure-I</u></i></p>
<p>Week 21 Week 22</p>	<p>Employable Project/Assignment (6 weeks i.e. 21-26) besides regular classes. OR On the job training</p>	<ul style="list-style-type: none"> ● Guidelines to the Trainees for selection of students employable project like final year project (FYP) ● Assign Independent project to each Trainee ● A project-based on trainee's aptitude and acquired skills. ● Designed by keeping in view the emerging trends in the local market as well as across the globe. ● The project idea may be based on Entrepreneur. ● Leading to successful employment. ● The duration of the project will be 6 weeks ● Ideas may be generated via different sites such as: https://1000projects.org/ https://nevonprojects.com/ https://www.freestudentprojects.com/ https://technofizi.net/best-computer-science-and-engineering-cse-project-topics-ideas-for-students/ ● Final viva/assessment will be conducted on project assignments. ● At the end of the session, the project will be presented in a skills competition ● The skill competition will be conducted on zonal, regional, and National levels. ● The project will be presented in front of Industrialists for commercialization ● The best business idea will be placed in the NAVTTC business incubation center for commercialization. <p style="text-align: center;">----- OR</p> <p>On the job training:</p> <ul style="list-style-type: none"> ● Aims to provide industrial training to the Trainees as part of the overall 	

		<p>training program</p> <ul style="list-style-type: none"> • Ideal for the manufacturing trades • As an alternative to the projects that involve expensive equipment • Focuses on increasing Trainee’s motivation, productivity, efficiency, and quick learning approach 	
	<p>How to search and apply for jobs in at least two labor marketplace countries (KSA, UAE, etc.)</p>	<ul style="list-style-type: none"> • Browse the following website and create an account on each website <ul style="list-style-type: none"> ▪ Bayt.com – The Middle East Leading Job Site ▪ Monster Gulf – The International Job Portal ▪ Gulf Talent – Jobs in Dubai and the Middle East • Find the handy ‘search’ option at the top of your homepage to search for the jobs that best suit your skills. • Select the job type from the first ‘Job Type’ drop-down menu, next, select the location from the second drop-down menu. • Enter any keywords you want to use to find suitable job vacancies. • On the results page you can search for part-time jobs only, full-time jobs only, employers only, or agencies only. Tick the boxes as appropriate to your search. • Search for jobs by: <ul style="list-style-type: none"> ▪ Company ▪ Category ▪ Location ▪ All jobs ▪ Agency • Industry 	
<p>Week 23 Week 24</p>	<p>Professional practice methods & legal side of design</p>	<ul style="list-style-type: none"> • Success stories (<i>For further detail please see Page No: 3& 4</i>) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • the standards that define the expectations of a professional designer • the principles of integrity that demonstrate respect for the 	

		<p>profession, for colleagues, for clients, for audiences or consumers, and society as a whole</p> <ul style="list-style-type: none"> • the perspectives of the design profession i.e. understanding the profession, the meanings of environmental responsibility, copyright, and ethics • what legalities are involved in professional design projects • how to build strong professional proposals • copyrights, copyright infringement, plagiarism, crediting creators, purchasing online products, downloading 'free' content • the do's and don'ts of how to price their time, effort, and creativity 	
Week 25	Preparing your portfolio	<ul style="list-style-type: none"> • Motivational Lecture(<i>For further detail please see Page No: 3& 4</i>) <p>Students are introduced to:</p> <ul style="list-style-type: none"> • the concept of design portfolios • the concept of present design work/projects in a professional manner • websites that provide free portfolio hosting such as Behance and Dribble • creating a portfolio • how to select work for presenting in your portfolio 	Final Assessment
Week 26	Entrepreneurship and Final Assessment in project	<ul style="list-style-type: none"> • Success stories (<i>For further detail please see Page No: 3& 4</i>) • Job Market Searching • Self-employment • Introduction • Fundamentals of Business Development • Entrepreneurship • Startup Funding • Business Incubation and Acceleration • Business Value Statement • Business Model Canvas • Sales and Marketing Strategies • How to Reach Customers and Engage

Tasks for Certificate in Textile Weaving

Task No.	Task	Description	Week
1.	Prepare a report	Prepare a report to define Principles of weaving	Week 1
2.	Prepare a Scrap Book	Prepare a scrap book for materials used in Weaving	
3.	Prepare a Presentation	Prepare a presentation on the classification of Natural and Man Made Fibers and define their properties	Week 2
4.	Prepare a Flow Chart	Prepare a flow chart of Weaving	Week 3
5.	Prepare a report	Prepare a report to study knitting (Wales and Courses)	
6.	Draw the Flow chart	Draw the Flow chart of Natural and Man Made fibers	Week 4
7.	Prepare a report	Prepare a report to define Direct and indirect yarn numbering systems in details	Week 5
8.	Prepare a Presentation	Prepare a pictorial presentation to define Fabric Manufacturing process	Week 6
9.	Prepare a Woven Design Structure	Prepare a woven design structure using graph paper	Week 7
10.	Prepare a Presentation	Prepare a presentation and describe different Weave Designs	Week 8
11.	Prepare a report	Prepare a research report on angles of inclination of twill weave	Week 9
12.	Practice Twill Weaves	Practice different Twill Weaves	
13.	Prepare a report	Prepare a research report on simple developments and extension of Satin and Sateen weaves	Week 10
14.	Practice Satin and Sateen Weaves	Practice Satin and Sateen Weaves	
15.	Prepare a report	Prepare a research report on simple developments and extension of Satin and Sateen weaves	Week 11
16.	Practice Diamond Design Weaves	Practice Diamond Design Weaves	
17.	Practice Honey comb and bed ford cord weave	Practice Honey comb and bed ford cord weaves	Week 12

18.	Build a CV	Demonstration about Topic and Build CV	
19.	Prepare a report	Prepare a research report on methods and objectives of Weave Analysis	Week 14
20.	Prepare a Presentation	Prepare a presentation and define different types of looms	Week 15
21.	Fiverr Account	Demonstrate about Topic and Fiverr Account	
22.	Research and study	Research and study loom motion	Week 16
23.	Practice Dobby motion	Practice Dobby motion	Week 17 Week 18
24.	Practice Jacquard motion	Practice Jacquard motion	
25.	Prepare a research report	Prepare a research report to explain Denim Weave Process	Week 19 Week 20
26.	Practice Denim weaving	Practice Denim Weaving

SUGGESTIVE FORMAT AND SEQUENCE ORDER OF MOTIVATIONAL LECTURE.

Mentor

Mentors are provided an observation checklist form to evaluate and share their observational feedback on how students within each team engage and collaborate in a learning environment. The checklist is provided at two different points: Once towards the end of the course. The checklists are an opportunity for mentors to share their unique perspective on group dynamics based on various team activities, gameplay sessions, pitch preparation, and other sessions, giving insights on the nature of communication and teamwork taking place and how both learning outcomes and the student experience can be improved in the future.

Session- 1 (Communication):

Please find below an overview of the activities taking place Session plan that will support your delivery and an overview of this session's activity.

Session- 1 OVERVIEW
Aims and Objectives:
<ul style="list-style-type: none"> ● To introduce the communication skills and how it will work ● Get to know mentor and team - build rapport and develop a strong sense of a team ● Provide an introduction to communication skills ● Team to collaborate on an activity sheet developing their communication, teamwork, and problem-solving ● Gain an understanding of participants' own communication skills rating at the start of the program

Activity:	Participant Time	Teacher Time	Mentor Time
Intro Attend and contribute to the scheduled.			
Understand good communication skills and how it works.			
Understand what good communication skills mean			
Understand what skills are important for good communication skills			
Key learning	Resources:		Enterprise skills

outcomes:		developed:
<ul style="list-style-type: none"> • Understand the communication skills and how it works. • Understand what communication skills mean • Understand what skills are important for communication skills 	<ul style="list-style-type: none"> • Podium • Projector • Computer • Flip Chart • Marker 	<ul style="list-style-type: none"> •Communication •Self Confidence •Teamwork

Schedule	Mentor Should do
Welcome: 5 min	Short welcome and ask the Mentor to introduce him/herself. Provide a brief welcome to the qualification for the class. Note for Instructor: Throughout this session, please monitor the session to ensure nothing inappropriate is being happened.
Icebreaker: 10 min	Start your session by delivering an icebreaker, this will enable you and your team to start to build rapport and create a team presentation for the tasks ahead. The icebreaker below should work well at introductions and encouraging communication, but feel free to use others if you think they are more appropriate. It is important to encourage young people to get to know each other and build strong team links during the first hour; this will help to increase their motivation and communication throughout the sessions.
Introduction & Onboarding: 20mins	Provide a brief introduction of the qualification to the class and play the “Onboarding Video or Presentation”. In your introduction cover the following: <ol style="list-style-type: none"> 1. Explanation of the program and structure. (Kamyabjawan Program) 2. How you will use your communication skills in your professional life. 3. Key contacts and key information – e.g. role of teacher, mentor, and SEED. Policies and procedures (user agreements and “contact us” section). Everyone to go to the Group Rules tab at the top of their screen, read out the rules, and ask everyone to verbally agree. Ensure that the consequences are clear for using the platform outside of hours. (9am-8pm) 4. What is up next for the next 2 weeks ahead so young people know what to expect (see pages 5-7 for an overview of the challenge). Allow young people to ask any questions about the session topic.
Team Activity Planning:	MENTOR: Explain to the whole team that you will now

<p>30 minutes</p>	<p>be planning how to collaborate for the first and second collaborative Team Activities that will take place outside of the session. There will not be another session until the next session so this step is required because communicating and making decisions outside of a session requires a different strategy that must be agreed upon so that everyone knows what they are doing for this activity and how.</p> <ul style="list-style-type: none"> • “IDENTIFY ENTREPRENEURS” TEAM ACTIVITY • “BRAINSTORMING SOCIAL PROBLEMS” TEAM ACTIVITY” <p><i>As a team, collaborate on a creative brainstorm on social problems in your community. Vote on the areas you feel most passionate about as a team, then write down what change you would like to see happen.</i></p> <p>Make sure the teams have the opportunity to talk about how they want to work as a team through the activities e.g. when they want to complete the activities, how to communicate, the role of the project manager, etc. Make sure you allocate each young person a specific week that they are the project manager for the weekly activities and make a note of this.</p> <p>Type up notes for their strategy if this is helpful - it can be included underneath the Team Contract.</p>
<p>Session Close: 5 minutes</p>	<p>MENTOR: Close the session with the opportunity for anyone to ask any remaining questions.</p> <p>Instructor: Facilitate the wrap-up of the session. A quick reminder of what is coming up next and when the next session will be.</p>

SUCCESS STORY

S. No	Key Information	Detail/Description
1.	Self & Family background	<p>Salim Rasool, lives in Faisalabad near Model Town, is an example of how hard work and diligence can earn be rewarding when someone find the projects online. Textile Weaving in Faisalabad exclusively earned an average of about five to six Lacks per month. But this isn't a story of overnight success Salim has had to work hard to differentiate him and stay true to his goal.</p> <p>When he was young he saw his father working hard at textile factory but he always has dedication that he will make his children educated. Salim felt pain for his father. He started teaching to his class fellows and earn for his school fees. Just after his matriculation he wanted the degree so that he can start earning quickly he went to the institute of TEVTA Textile Designing there he got admission in diploma of Textile Weaving. He started working with one of the well reputed textile unit and earns experience with money.</p> <p>During his work at textile unit with heads of office he got the experience of different experienced people. His teachers were very happy from his work so do the office he works for they offer him good salary.</p> <p>At first he got some hard time but with his good weaving skills now he is living in good house with his family having a good job.</p> <p>He was shy but very dedicated for doing something for family. He took proper education, experience, proper marketing tools and then select good NGO for having money at first he saw losses and very tough competition but he was risk taker, fearless and dedicated so he never go back and try hard to achieve his target now he is working as Weaving Unit Supervisor at Textile Factory, home and happy family lie.</p>
2.	How he came on board NAVTTC Training/ or got trained through any other source	Certification in Textile Weaving from an Institute (NAVTTC partner institute)

3.	Post-training activities	<p>Salim's area of expertise is in Weaving. In his first month, it wasn't so simple. In the first few weeks, he didn't hear back from any factory where he applied.</p> <p>"I needed to understand what worked, so I visited different textile units. It was an uphill struggle, but I didn't want to give up," he explains.</p> <p>Finally he got a project in a well known textile factory. Within a few months, he did so many projects. He also expanded the range of his professional services.</p> <p>But he's had to face his fair share of challenges too.</p>
4.	Message to others (under training)	<p>Take the training opportunity seriously Impose self-discipline and ensure regularity Make Hard work pays in the end so be always ready for the same.</p>

Note: Success story is a source of motivation for the trainees and can be presented in several ways/forms in a NAVTTC skill development course as under: -

1. To call a passed out successful trainee of the institute. He will narrate his success story to the trainees in his own words and meet trainees as well.
2. To see and listen to a recorded video/clip (5 to 7 minutes) showing a successful trainee Audio-video recording that has to cover the above-mentioned points.*
3. The teacher displays the picture of a successful trainee (name, trade, institute, organization, job, earning, etc) and narrates his/her story in the teacher's own motivational words.

The online success stories of renowned professional can also be obtained from **Annex-II*

Workplace/Institute Ethics Guide

Work ethic is a standard of conduct and values for job performance. The modern definition of what constitutes good work ethics often varies. Different businesses have different expectations. Work ethic is a belief that hard work and diligence have a moral benefit and an inherent ability, virtue, or value to strengthen character and individual abilities. It is a set of values-centered on the importance of work and manifested by determination or desire to work hard.

The following ten work ethics are defined as essential for student success:

1. Attendance:

Be at work every day possible, plan your absences don't abuse leave time. Be punctual every day.

2. Character:

Honesty is the single most important factor having a direct bearing on the final success of an individual, corporation, or product. Complete assigned tasks correctly and promptly. Look to improve your skills.

3. Team Work:

The ability to get along with others including those you doesn't necessarily like. The ability to carry your weight and help others who are struggling. Recognize when to speak up with an idea and when to compromise by blend ideas together.

4. Appearance:

Dress for success set your best foot forward, personal hygiene, good manner, remember that the first impression of who you are can last a lifetime

5. Attitude:

Listen to suggestions and be positive, accept responsibility. If you make a mistake, admit it. Values workplace safety rules and precautions for personal and co-worker safety. Avoids unnecessary risks. Willing to learn new processes, systems, and procedures in light of changing responsibilities.

6. Productivity:

Do the work correctly, quality and timelines are prized. Get along with fellows, cooperation is the key to productivity. Help out whenever asked, do extra without being asked. Take pride in your work, do things the best you know-how. Eagerly focuses energy on accomplishing tasks, also referred to as demonstrating ownership. Takes pride in work.

7. Organizational Skills:

Make an effort to improve, learn ways to better yourself. Time management; utilize time and resources to get the most out of both. Take an appropriate approach to social interactions at work. Maintains focus on work responsibilities.

8. Communication:

Written communication, being able to correctly write reports and memos.
Verbal communications, being able to communicate one on one or to a group.

9. Cooperation:

Follow institute rules and regulations, learn and follow expectations. Get along with fellows, cooperation is the key to productivity. Able to welcome and adapt to changing work situations and the application of new or different skills.

10. Respect:

Work hard, work to the best of your ability. Carry out orders, do what's asked the first time. Show respect, accept, and acknowledge an individual's talents and knowledge. Respects diversity in the workplace, including showing due respect for different perspectives, opinions, and suggestions.
