► LATEST PROJECTS (UI/UX, Web Designing & Development)

NUTECH Skills Website

Link: <https://skills.nutech.edu.pk/>

Designed a website for the National University of Technology (NUTECH) focusing on skill courses. The site highlights detailed information on course overview, objectives, modules, fees, duration, faculty profiles, and curriculum, ensuring clarity and ease of understanding for visitors.

CPEC News Portal

<http://www.cpecinfo.com/>

Designed and developed the CPEC News portal, a bilingual English and Urdu website. The portal features news, articles, and project updates on the China-Pakistan Economic Corridor (CPEC) in collaboration with the Embassy of China and the Pakistan-China Institute (PCI). Managed the project independently from inception to completion.

Youlin Magazine

<https://www.youlinmagazine.com/>

Developed a leading bilingual online cultural journal in English and Chinese, covering cultural activities in Pakistan and China in collaboration with the Youlin Team and Xinjiang, China. Created independently under the supervision of the Cultural Center China and the Chinese Embassy in Pakistan. Responsible for SEO, SMM, and maintenance since February 2012.

Travel to Haramain

<https://www.traveltoharamain/>

Currently developing a web application for Travel to Haramain Ptv. Ltd., featuring an online Umrah Calculator and flight ticketing system.

Web-based POS

<https://localhost/pos/>

Developing a web-based Point of Sale (POS) system for a Cash & Carry store. The application is currently under development on my local computer and can be presented upon request.
